Ordering Details

- Orders can be in any unit volume, not necessarily whole boxes.
- Centre for Advanced Medicine has a policy of **no return** of product.
- All prices are **per unit**, in New Zealand Dollars, and GST exclusive. Handling and freight additional.
- Bulk Discounts **per product** are: 25+ units = **10%** 50+ units = **15%** 100+ units = **20%**

Section 29 Products

[s29] These medicines are supplied pursuant to Section 29 of the Medicines Act 1981. In ordering or prescribing them, your practice is governed by those regulations.

- Before we can process any orders containing these products we need an initial 'Requirements for Section 29 Medicines' form signed by the doctor requesting supply and counter-signed by a representative of your practice to verify that you understand the regulatory requirements. This only needs to be provided **once** for each doctor requesting supply at your practice.
- There are also 'Section 29 Supply' forms (a separate one for Calcium Gluconate) to accompany **each** order you place, so we can fulfil our obligations to Medsafe. We can only process the order after receiving a completed form.
- Please contact us if you have any questions.

Refrigeration

Most of our products can travel in ambient temperatures and are shipped from a temperature-controlled warehouse in standard packaging.

* However, please ask your team receiving shipments to immediately refrigerate these products again to preserve their effectiveness:

- Ascorbic Acid (code 02).
- Sodium Ascorbate (code 03).
- IM B-Dose Forte (code 11.5).
- IM Methyl B12 (code 09.05).

Placing Your Order

Please complete this form, save with your clinic name, then email to: sales@camltd.co.nz
